Clinical and Translational Research Budgeting and Billing

The UCLA Clinical and Translational Research Centers (CTRCs) assist investigators with:

- set-up of your CTRC study budget
- obtain CTRC cost information
- ensure proper billing of all patient care activities

If your research will be completed at a Clinical and Translational Research Center, please see the CTRC application process below.

What is the Clinical and Translational Research Center application?

The UCLA CTRC online application processes and forms are used at UCLA-Westwood, Cedars-Sinai, Charles R. Drew University and Lundquist/Harbor-UCLA to submit, review, and approve clinical research services. **All CTRC partner site services are available to all CTSI researchers.** See below for the available processes and forms at each site:
