- [IBC Process](#)

## OHRPP IRB Submissions

The Office of Human Research Protection Programs supports two internet-based software applications to support the submission, review, and approval of research projects involving human subjects:

1. [webIRB](#)

- a. Amendment/Continuing Review-Closure/ PARs for active and previously approved submissions in webIRB that have not been migrated to BruinIRB.

2. [BruinIRB](#)

- a. **All new studies must be submitted in [BruinIRB](#)** as of September 9, 2025. See [BruinIRB Deployment FAQs](#) for more information.
- b. If you have received a notice that your approved webIRB study has been [migrated to BruinIRB](#), all future amendments, continuing reviews and PARs must be submitted in BruinIRB.

Please forward any questions or concerns to [BruinIRB@research.ucla.edu](mailto:BruinIRB@research.ucla.edu) or consult the [BruinIRB Resource Library](#) for quick guides, training videos, and other information.

**\*Effective January 25, 2023, all NEW Industry-sponsored, multi-site FDA-regulated research conducted at UCLA must use a single IRB**, per the June 2023, UCLA Policy Board (HRPB) determination. Accordingly, investigators must identify an external IRB (e.g. Advarra or WCG) that will serve as Reviewing IRB for these research studies. Investigators must submit a request to cede review to an external IRB in BRUIN IRB.

Both applications are designed to branch in response to information provided about the study procedures. Each system requires an account that uses the single sign-on UCLA Logon ID credentials. Both applications function as a document repository, providing study personnel with easy access to study documents like approved consent forms.

### NOTE:

Submission requirements for amendments, continuing review, and post-approval monitoring reports will differ for studies approved by an external IRB, including clinical studies approved by a commercial IRB. Review the IRB Reliance Policy and the [FAQs for the Commercial IRB Review](#) for additional information.

- All users must have a webIRB account to log into webIRB. Please visit the "[How to get a webIRB account](#)" page for instructions.
- Access [BruinIRB Accounts](#) page for instructions on how to request an account for BruinIRB.

For general questions, contact the OHRPP's main phone numbers (310) 825-5344 for the Medical IRB or (310) 825-7122 for the General Campus IRB. For questions specific to the webIRB

application, email [webIRBHelp@research.ucla.edu](mailto:webIRBHelp@research.ucla.edu). Questions related to BruinIRB should be directed to [BruinIRB@research.ucla.edu](mailto:BruinIRB@research.ucla.edu). Please be sure to describe the nature of your question.

Before your study begins, you must have IRB approval. Below are the CTSI partner site IRB submission tools:

- [UCLA](#)

**Cedars-Sinai** – click [here](#) to go to the Cedars-Sinai Webbridge IRB system. For more information, contact:

### Office of Research Compliance and Quality Improvement

Cedars-Sinai Medical Center  
8383 Wilshire Blvd., Suite 742  
Beverly Hills, CA 90211  
Phone: (310) 423-3783  
Email: [irb@cshs.org](mailto:irb@cshs.org)

**Charles R. Drew University** – Click [here](#) for more information on the IRB for Charles R. Drew University. If you have any questions regarding the IRB functions and review process, contact:

### Office for the Protection of Human Subjects

Charles R. Drew University of Medicine and Science  
1731 East 120th Street, Building F  
Los Angeles, CA 90059  
Phone: (323) 563-5990  
Email: [irb@cdrewu.edu](mailto:irb@cdrewu.edu)

Junko Nishitani, CDU IRB Director  
[junkonishitani@cdrewu.edu](mailto:junkonishitani@cdrewu.edu)  
(323) 563-5990

**Lundquist/Harbor-UCLA** – Click [here](#) to go to the iRIS IRB System. You will need to log-in. For more information, contact:

### Office of Compliance and Regulatory Affairs

Lundquist/Harbor-UCLA Medical Center  
1124 West Carson St  
Torrance, CA 90502  
Phone: (310) 222-3624

View Lundquist/Harbor-UCLA [workflow](#)

**UCLA** – The online Institutional Review Board application system, [webIRB](#), is available to all UCLA Investigators and Study Staff. For questions or assistance, contact:

[Office of the Human Research Protection Program \(OHRPP\)](#)

10889 Wilshire Blvd, Suite 830

Los Angeles, CA 90095-1406

Campus Mail Code: 140648

Email: [North & South General Institutional Review Boards \(GC-IRB\)](#)

Email: [The Medical Institutional Review Boards 1,2, & 3 \(M-IRB\)](#)

Training sessions are being held on the South campus and in the Kinross Building. Click [here](#) to schedule a training session.

**To subscribe to the webIRB listserv:** Send an e-mail to: [webIRB-subscribe@lists.ucla.edu](mailto:webIRB-subscribe@lists.ucla.edu).

The subject line and body of the e-mail can be blank

**The UCLA Institutional Biosafety Committee (IBC)** is the local review body responsible for oversight of all research activities – including teaching laboratories – involving the use of hazardous biological material and recombinant or synthetic nucleic acids, as required and outlined in the NIH Guidelines and the BMBL. In order to maintain safe conditions and regulatory compliance in research and teaching areas, work done with any of the following biological materials must be registered with the IBC for review and authorization:

- Recombinant/synthetic nucleic acid molecules, as covered by the NIH Guidelines
- Infectious agents (viruses, bacteria, fungi, parasites, prions, etc.) that can cause disease in healthy humans and/or significant environmental or agricultural impacts, as covered by the BMBL
- Select agents and select toxins, as covered by the CDC DSAT regulations (See <http://www.selectagents.gov/SelectAgentsandToxinsList.html>)
- Human materials (including all fluids, tissues, excretions, secretions, or cell lines), as covered by the Cal/OSHA Bloodborne Pathogens Standard
- Nonhuman primate materials (including live animals, all fluids, tissues, excretions, secretions, or cell lines), as covered by the BMBL and Cal/OSHA Bloodborne Pathogen Standard
- Genetically-modified animals and whole plants, as covered by the NIH Guidelines
- Certain animals or animal specimens known to be reservoirs/vectors of zoonotic diseases. EXEMPT: Most animals from UCLA DLAM approved vendors. (See <http://publichealth.lacounty.gov/vet/guides/vetzooman.htm> for list of zoonotic animals)

It is the responsibility of the PI to obtain IBC approval for the safe handling, transport, use, and disposal of hazardous biological materials and recombinant/synthetic nucleic acids when these materials are used in research and teaching. All Biological Use Authorization (BUA) applications for IBC review are submitted using SafetyNet. All types of submissions, from benchwork to human gene transfer studies, use the same application smartform. Users access SafetyNet using their UCLA single sign-on credentials and should contact the IBC administrative team if access is not enabled.

- **Phone:** 310-794-0262
- **Email:** [ibc@research.ucla.edu](mailto:ibc@research.ucla.edu)
- **Office Hours:** Wednesdays, 2-5 PM, CHS 17-132A

Quick reference guides and training materials are available [here](#).
